MEETING DATE		AGENDA
September 18, 2024		Section: Decisions
Department/Office : City Manager	AGENDA REPORT	Item #: 1.
Subject: Maitland Public Library and Park Project Site Configuration		
Requested Action or Motion: Move to select the final overall site configuration for the new library and Quinn Strong park.		
Summary Explanation & Background: At the Maitland Public Library and Park Project Site Configuration workshop held on September 4, 2024, the City Council considered three options for the site design and parking configuration. These are shown in the attachment. Following discussion and public input, the City Council eliminated option 2 as shown in the attachment. During the deliberations on options 1 and 3, the consensus was to modify option 1 to eliminate the southernmost parking, and relocate that parking along Ventris Avenue. Alternatively, option 3 will be modified to pull the parking to the south and create a roundabout on the east side of the building to provide access to the east side of the building. Based upon this direction, the consulting team was requested to make the alterations to the plans and resubmit them for consideration. As discussed at the meeting, these plans would not be ready for distribution with the agenda package. When they are completed, they will be distributed to the City Council prior to the meeting for consideration.
